The Crystal Ballroom

The Crystal Ballroom is a beautiful showcase with a hand-painted 30-foot ceiling, majestic balconies and two magnificent Austrian crystal chandeliers. Glittering mirrors and drapery enhance the elegance of the room. The Crystal Ballroom is the jewel of the Biltmore with a rich history tied to both the Hotel and old Hollywood. The Crystal Ballroom can accommodate up to 400 guests with a dance floor. This does not include seating the balconies.

The Gold Ballroom

The Gold Ballroom is built on two levels separated by a curving balustrade and tall columned arches. The room features gold coffered ceilings, rich drapery, wood-paneled walls and crystal chandeliers. The lower tier serves as an intimate foyer or reception area to complement your dining or dancing space on the upper tier.

The capacity for the Gold Ballroom is up to 230 guests with a dance floor.

The Emerald Ballroom

The Emerald room has a hand-painted ceiling featuring motifs of harvest and the hunt.

The Emerald Ballroom was the Hotel's original dining room. Rounded faux-travertine columns and weighty bronze chandeliers create a stately and dramatic setting for a wedding ceremony or a wedding reception with dinner.

The capacity for the Emerald Room is up to 150 guests with a dance floor. It also can be used as an indoor ceremony site that can seat up to 300 guests, theater style.
